

Dual Cartridge Dispensing Guns 400 ML

Ratio: 1:1 or 2:1 or 10:1

Color: Blue & Black

Material: Nylon alloy

Driving force: 600Kgs

STANDARD DESIGN - This dual cartridge dispensing gun works with all standard 400 mL two-part adhesive cartridges. Such as cartridges from Vicrez, Loctite, Araldite, Devcon, 3M, and many others.

APPLICATION - Suitable for a variety of two-component adhesives, such as epoxy, silicones, RTVs, greases and many other liquids.

USER FRIENDLY - Made of impact-resistant plastic, lightweight, ideal for heavy-duty, prolonged, repeated use and will minimize hand fatigue.
